# AAL 91 DESIGN BY HEE WELLING & HAY

Featuring the same compact body as other designs in the series, this swivel version of the About A Lounge Chair has a light metal frame. Available in high- and low-back versions, the high-backed version of About A Lounge Chair has a more formal expression, while the low-backed shell has a lighter feel, which is emphasised by the low swivel base. Both versions feature the same 4-leg star swivel base. The large choice of upholstery options and base finishes make it suitable for a wide range of public and private contexts. Fixed seat cushion mounted with velcro.
