## Product Specification Sheet

This document contains technical  
information about the BuzziTemp

[www.buzzi.space](http://www.buzzi.space)

## Temporary workstation

The BuzziTemp is a temporary workspace. The idea is to bring more dynamic to a space and allow the creation of small islands where people can come to connect or concentrate.

The straight sides create the possibility to generate straight office lines by using multiple BuzziTemp units together. At the same time it is offering you the necessary privacy whilst staying connected with the office environment.
