

Doze Lounge Chair High Back Swivel Base

“Scandinavia has a long tradition of extensively comfortable lounge chairs; at the heart of our design heritage lies the versatile concept of comfort. As such, the idea of creating a grand lounge chair came very naturally to us. The visual references of the Doze Lounge Chair are, however derived from the modern and clear lines of the Golden Age in Danish design, while at the same time being informed by some of our favorite designs of the 1970’s. To us, the characteristically large and sheltering back that embraces the soft seat creates a combination of the Scandinavian design ethos and the lines of 1970’s objects in a way that we find truly refreshing.”

Description

Designed with extensive comfort and a modern expression through the vibrant lines and folds of its back and armrests along with an embracing seat, the Doze Lounge Chair High Back joins together the ideas of Scandinavian design with the lines of 1970's furniture for a contemporary perspective on the archetypal lounge chair. Use the Doze Lounge Chair High Back on its own or with the Doze Ottoman.

Material

The Doze Lounge Chair & Ottoman are made from metal, foam, and wadding and finished with textile, imitation leather, or leather upholstery. The leather comes from selected premium leather suppliers.

The Doze Lounge Chair & Ottoman are upholstered in molded foam with an embedded steel frame. Please note that the Doze Lounge Chair & Ottoman's upholstery cannot be removed. Swivel base in polished or powder-coated casted aluminum. Plastic glides in black.

Cleaning & Care

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.

Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time. Refine Leather, Easy Leather, and Endure Leather: Regularly clean leather with a dry cloth. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products like saddle soap, leather cleaners, or household products.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

Spare Parts

Premounted felt glides are made-to-order. Unmounted felt glides can be purchased separately.

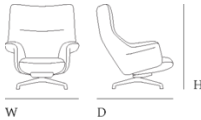

Additional Information

Please note that all upholstered products, sold in the UK, contain flame retardant foam in order to fulfill the stringent flammability standards under the UK Furniture and Furnishings Fire Safety Regulations. The flame retardant used in the foam is melamine, CAS number: 108-78-1.
