## Duna 02

Like a soft, enveloping flower, Duna's shape is evocative and contemporary. Born fourteen years ago, its iconic silhouette still sets it apart as a design classic, ripe for reinvention again and again. Now, new plastic shell fabrication in polypropylene instead of polyethylene allows for a thinner, sleeker profile, a more delicate curvature and more sumptuous surface.

Together with the fully upholstered version, today Duna 02 is also available with a fixed front face upholstery and with an accessory seat cushion. Numerous types of bases complement the graceful form of this contemporary yet classic piece.

### Designer

Lievore Altherr Molina, 2014

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manel Molina in 1990. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product, and package design, their work has been globally exhibited and acknowledged. They are the recipients the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
