EXECUTIVE

IFT è sinonimo internazionale di Executive Furniture e Meeting Tables, ossia di arredi direzionali e tavoli riunione belli, polifunzionali, confortevoli con opzioni tra prestigiose scelte in fatto di materiali e finiture tecnologicamente avanzate ad alta definizione estetica. Mobili perfetti per essere rappresentativi e operativi in ogni attività della vita aziendale, in presenza e in remoto.

IFT ha ben chiaro quanto siano importanti, all'interno delle Imprese, gli spazi che è chiamata ad arredare. Spazi e stanze dove ci si incontra per eventi periodici o speciali, scambi, condivisioni, progetti, vertici, presentazioni e accoglienza. **IFT** significa specifica competenza nel favorire incontri tra persone che lavorano in modalità di condivisione. E, seguendo le regole della prossemica, dello studio dell'uso che gli individui fanno dello spazio sociale e personale, i suoi tavoli aperti garantiscono comunque a ciascuno la propria autonomia.

Quarantacinque e Novanta. 2 angoli. 2 orientamenti di linee nello spazio per risposte articolate alle esigenze più complesse.

IFT is internationally known for its attractive, multipurpose, comfortable Executive Furniture and Meeting Tables, offering options such as choice materials and visually impressive high-tech finishes. Perfect furniture for efficiency and prestige in all aspects of the business's life, face-to-face or remotely. **IFT** is well aware of the vital importance of the interiors it furnishes for the companies concerned. Locations and rooms where people meet for regular or special events, discussions, sharing, plans, summits, presentations and entertaining. **IFT** is uniquely skilled in supporting meetings where people can, collaborate and share effectively. And, conforming to the rules of proxemics, the study of the way people utilise social and personal spaces, its open tables guarantee the independence of each user.

Quarantacinque e Novanta. Forty-five and Ninety. 2 angles. 2 directions of lines in space, for structured solutions to the most complex needs.
