

# TAR-10 | TABULA TABLES

— By I+D+i Actiu —

## DESCRIPTION

Desk top available in MFC (25mm), Compact Laminate (13 mm) or laminated security glass (5+5 mm), round shape edges.

The frame is composed by:

- A **Steel column** of 60 mm diameter and 2 mm thickness, fixed to the top as follows:

- **Board:** Moulded aluminium plate
- **Glass:** Steel round plate fixed to the glass

Two different heights 74 or 110 cm.

- **Steel Base** of 40 or 45 cm diameter and 8 mm thickness. Epoxy finish. Round shape.

## BASES

Silver epoxy finish

White epoxy finish

Black epoxy finish

## DIMENSIONS

## FINISHES (see table of finishes)

MFC (25 mm)

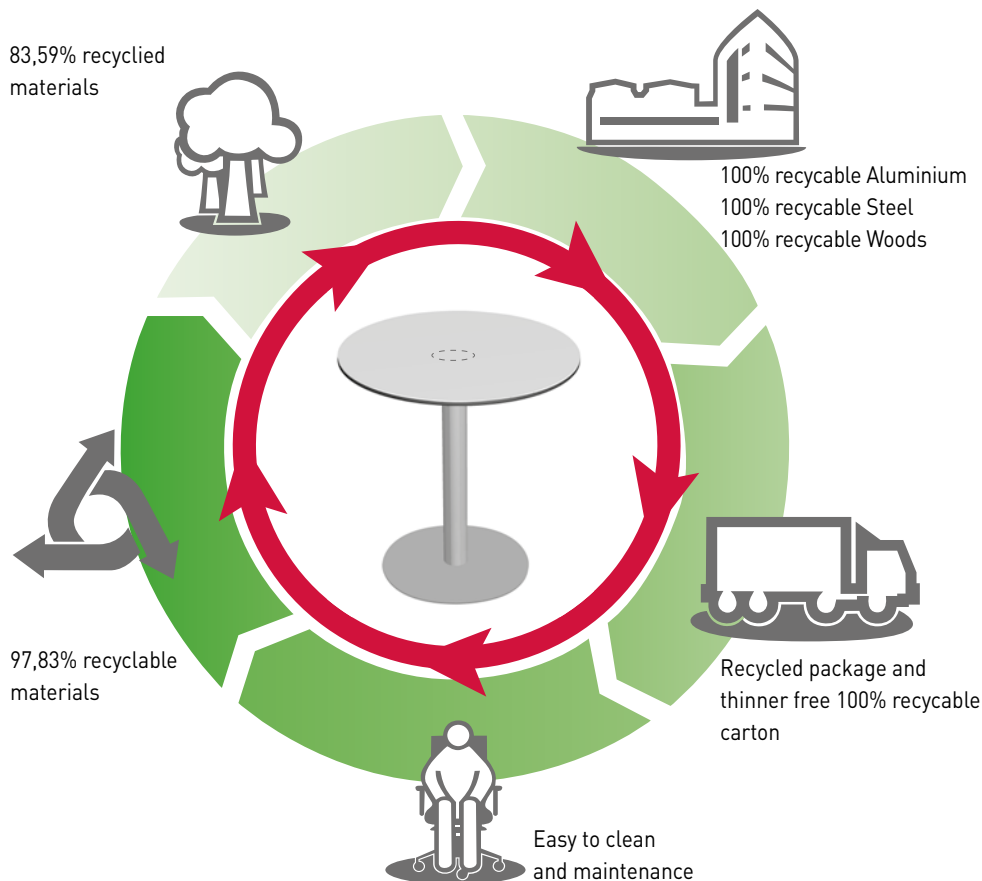

Compact Laminate (13 mm)

Glass

83,59% recycled materials

## MATERIALS

**TABULA TABLES** has been designed to be manufactured with 83,59% recycled materials. Dangerous substances such as chrome, mercury or cadmium are used in reduced quantity. Recyclable Aluminum, Steel and Woods 100%. Organic Volatile Components. Packages manufactured with recycled cardboards. Ink thinner free.

## PRODUCTION

Energy use is optimized during the production process. Minimum environmental impact. Last generation technological system in coating processes. Painting that have not been used is recovered to use it again. Zero COVs emissions and other contaminant gas. Close water circuit to clean the metals. Heat recovery. Automatic manufacture systems. Planned cutting processes.

## TRANSPORT

Optimum packaging to reduce space in transport and save energy.

## USE

Long lasting use. Spare parts and replacements available. Easy to clean and maintenance.

## DISPOSAL

High recyclability with 97,83% recyclable materials. **TABULA TABLES** Components are easy and quickly splited. The package reutilization system established by our supplier helps avoiding the waste creation. The cardboards used in our packages are recyclable.

## CERTIFICATES AND REFERENCES

The different programs get punctuations in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).
