

TÁBULA TABLES - TAR 10

— By Actiu —

TABULA tables are a canteen and meeting tables program. These tables can be used on several environments due to its different models and styles.

Tabula offers a wide range of size and different base options to use them in canteens, small meeting points, break out areas or informal meeting/working areas. Table tops are available in glass, MFC and Compact Laminated, and both round or squared shaped with a round central column in steel allowing 3 different types of bases: round steel, round aluminium or cross aluminium.

	TAR10 TABULA TABLES	TAR20 TABULA TABLES	TAR30 TABULA TABLES
			
Base	Ø40 or Ø45 cm base made of 8mm thick Steel. Available in White, Silver and Black.	Ø 67,5 cm base with 4 support points on a cross base made of injected aluminium. Available in White, Silver, Black, Blue, Orange and Polished.	Ø 58 cm or Ø 66 cm base made of injected aluminium. Available in White, Silver, Black and Polished.
Supports	Levellers with anti-skid pads.	Non-slip PP plug. Optional: 50mm diameter black castors with Teflon tyre thread.	Non-slip PP plug.
Column	Ø 60mm central column made of 2mm thick aluminium. Available in White, Silver and Black.	Ø 60mm central column made of 2mm thick aluminium. Available in White, Silver, Blue, Orange and Black.	Ø 76mm central column made of 2mm thick aluminium. Available in White, Silver and Black.
Table top	25mm thick MFC tops and 10 mm thick Compact Laminated top	25mm thick MFC tops, 10 mm thick Compact Laminated top or 5+5mm thick security laminated glass with rounded edges.	25mm thick MFC tops, 10 mm thick Compact Laminated top or 5+5mm thick security laminated glass with rounded edges
Height	40 cm / 74 cm / 110 cm	40 cm / 74 cm / 110 cm	40 cm / 74 cm / 110 cm
Outdoor table	---	Aluminium base, column and desk support to allow TAR20 to be used outdoor. Desk top required for an outdoor use: Compact Laminate.	---
Connectivity options	---	---	Electrification system in highlighted models with optional plugs or USB connections. Only available on MFC and Compact Laminated tops.

① **Work tops** available in MFC (25mm) or Compact laminate (10 mm) in different colours

② Aluminium **Column** 60 mm diameter and 2 mm thickness

③ **Base:** Steel Base 45 mm diameter and 8 mm thickness. Epoxy finish. Round shape.

④ **3 different Heights:**

- 40 cm. height Tables
- 74 cm. height Tables
- 110 cm. height Tables

⑤ **Levellers** with anti-skid pads

MATERIALS

Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

49,42%
RECYCLED
MATERIALS

PRODUCTION

Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

100%
RECYCLABLE
ALUMINIUM, STEEL
& WOOD

TRANSPORT

Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

100%
RECYCLABLE
PACKAGE AND THINNER
FREE

USE

Quality and warranty. Long lasting. Replacements available.

EASY
TO CLEAN
AND MAINTAIN

DISPOSAL

Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

RECYCLABLE
MATERIALS

CERTIFICATES AND REFERENCES

The different programmes get points in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).
