

# Oslo Lounge Chair Swivel Base

“Our idea for the Oslo Lounge Chair was to create a form that had an embracing comfort yet paired with a light and airy appearance. With its smooth, inviting curves, the design’s refined lines echo the sentiment of sculpted shapes while its base makes for an elegant touch and sturdy footprint. Bringing a new perspective to the archetypal lounging seat, the Oslo Lounge Chair is a friendly design for any lounge setting in the modern home and public spaces alike.”

— Anderssen & Voll

<b>Designed by</b>	Anderssen & Voll
<b>About the Designer</b>	Anderssen & Voll are two-thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Poland
<b>Preassembled</b>	Yes
<b>Description</b>	Marrying its compact design with comfort and elegance, the Oslo Lounge Chair offers an inviting and dynamic seat with a classic yet distinctly modern expression. A low and deep shell is elevated by an embracing back that envelopes and supports. The combination of sculptural qualities and a distinctly functional design makes it an ideal piece for the contemporary home and public spaces alike. The Swivel base adds a classic and dynamic feel to the chair as it facilitates flexibility and movement while seated.
<b>Material</b>	Seat and back in molded PU foam with embedded steel and wood frame. Fully upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers.  Swivel base in powder-coated steel with plastic glides.

## Cleaning & Care

### Textile:

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to [kvadrat.dk](http://kvadrat.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral, soapy water, and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.

### Leather:

As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.

Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](http://ca-mo.com) for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

## Spare Parts

Plastic glide included. Felt glides sold separately.

## Additional Information

Please note that all upholstered products, sold in the UK, contain flame retardant foam in order to fulfill the stringent flammability standards under the UK Furniture and Furnishings Fire Safety Regulations. The flame retardant used in the foam is melamine, CAS number: 108-78-1.
